J. L. IRVIN,

Two interested and interesting visitors passed through Williams, this week, from Sar. Francisco, for Topeka, Kans. They were two Chinese students, sent out by that republic. to study the railway systems of the United States. Messrs Loh and Shar received a splendid college education in their home country, and speak English most fluently. The June Santa Fe magazine publishes notice of their attending a banquet in San Francisco, where they have been studying in Mr. Blacks office, learning the freight end of the business. They have gone to Topeka to study the traffic end, now. in the office of Mr. Connell, of the Toneka general offices. ## California vacation land

The vacation season is approachingthe time to plan for a change of scene, for rest and recreation. It will be the effort of the Railroad Administration to aid in such planning and do everything reasonable within its power to facilitate passenger travel and make it more attractive.

California with its beaches, mountains and numerous vacation haunts-lakes and streams-offers every attraction for the vacationist.

Summer excursion fares to resorts in California are now in effect.

The staff of the United States Railroad Administration will be glad to furnish illustrated booklets and provide necessary information as to fares, train service, etc. Such information may be obtained from the local Ticket Agent or the nearest Consolidated Ticket Office.
